| 08.15–09.00 | Registrering                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| 09.00–09.20 | <b>Dagens värdar hälsar välkomna</b><br><i>Riksdagens talman Urban Ahlin och riksbanksfullmäktiges ordförande Susanne Eberstein</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 09.20–10.00 | <b>Inledningsanförande: Riksbankens politiska ekonomi</b><br><i>Talare: Torsten Persson, professor, Institutet för internationell ekonomi, Stockholms universitet</i><br>Med utgångspunkt i Riksbankens 350-åriga historia diskuterar Torsten Persson centralbankens uppgifter i samhället, hur dessa förändrats över tid, samt framtida utmaningar och reformer.                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 10.00–10.30 | <b>PAUS</b><br>Kaffe                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| 10.30–12.00 | <b>Paneldiskussion: Vilken kommer att vara centralbankers roll i framtiden?</b><br><i>Moderator: Cecilia Skingsley, vice riksbankschef Sverige riksbank</i><br><i>Talare:</i><br><i>Mette Bjørndal, professor, Norska handelshögskolan NHH, och styrelseledamot i norska finansinspektionen</i><br><i>Erkki Liikanen, centralbankschef och direktionens ordförande, Finlands Bank</i><br><i>Torsten Persson, professor, Institutet för internationell ekonomi, Stockholms universitet</i><br><i>Irma Rosenberg, tidigare vice riksbankschef Sveriges riksbank</i><br>Vilka är framtidens utmaningar? Vad kommer att krävas av centralbanker för att klara detta? Kommer centralbanker i små öppna ekonomier såsom Sverige att ha en annan roll än centralbanker i andra länder? Kommer centralbanker att bli mer eller mindre självständiga? |
| 12.00–13.15 | <b>Stående lunchbuffé i sammanbindningsbanan</b><br>För alla konferensdeltagare.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## 350 years of central banking – the past, the present and the future

Updated 6 April 2018

AFTERNOON  
(in English)

| TIME        | PROGRAMME                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
